**NEW CONCEPT ENERGY  
REPORTS THIRD QUARTER 2008 RESULTS**

**Dallas, Texas (Business Wire) November 17, 2008:** New Concept Energy, Inc. (AMEX: GBR), (“the Company” or “NCE”), a Dallas-based oil and gas company, today reported net income of \$482,000 or \$0.25 per share and \$15.5 million or \$8.93 per share for the three and nine months ended September 30, 2008, compared to net profit of \$105,000 or \$0.11 per share and net loss of \$328,000 or \$0.33 per share for the same periods in 2007.

Effective September 1, 2008, the Company completed the acquisition of certain entities, mineral interests and related assets through entities named Carl E. Smith, Inc., a West Virginia corporation, two of its affiliates, Carl E. Smith Petroleum, Inc. and Carl E. Smith Real Estate, Inc. and other privately owned related assets (collectively “CESI”). Immediately after the acquisition, all of the acquired entities and assets were merged into Carl E. Smith, Inc., the name of which was changed to Mountaineer State Energy, Inc. (“Mountaineer”) which became a wholly-owned subsidiary of NCE. The assets acquired include 94 producing gas wells, 121 non-producing wells and related equipment, mineral leases covering 20,000 acres located in Athens and Meigs Counties in Ohio as well as Calhoun, Jackson and Roane Counties in West Virginia. In addition to the wells and mineral leases, the acquisition included a complex covering approximately 41 acres of land with 8,000 square feet of office and storage buildings, an adjacent 12 acre site with a 24 stall horse barn, machinery and equipment in excess of the needs of the gas operation and approximately \$1.5 million in cash. NCE is evaluating the excess equipment and currently plans on selling any excess land and equipment not needed for current or planned future operations.

For the three and nine months ended September 30, 2008, the Company recorded revenues of \$858,000 and \$2.3 million as compared to \$751,000 and \$2.2 million for the three and nine months ended September 30, 2007. The increase is due to the acquisition of the Carl E. Smith Companies.

For the three and nine months ended September 30, 2008, operating expenses were \$408,000 and \$1.0 million, as compared to \$294,000 and \$924,000 for the three and nine

months ended September 30, 2007. The increase is due to the acquisition of the Carl E. Smith Companies.

General and administrative expenses for the three and nine months ended September 30, 2008 were \$108,000 and \$633,000 as compared to \$225,000 and \$699,000 for the same periods in 2007. 2007 includes \$29,000 for prior year income taxes. An overall reduction in administrative costs in the latter part of 2006 continued in 2007 and 2008.

For the three and nine months ended September 30, 2008, interest income was \$479,000 and \$729,000, as compared to \$28,000 and \$84,000 for the three and nine months ended September 30, 2007. The majority of the interest income is from current and former notes receivable from affiliated parties held by the Company.

There was no interest expense for the three months and \$230,000 for the nine months ended September 30, 2008, as compared to no interest expense for the three and nine months ended September 30, 2007.

Other income was \$45,000 and \$457,000 for the three and nine months ended September 30, 2008, compared to \$77,000 and \$142,000 for the three and nine month periods ended September 30, 2007. The income represents cash received from receivables that were previously fully reserved.

In May 2008, the Company sold its mineral rights to 4,112 acres of land in the Fayetteville Shale area of Arkansas for cash and recorded income before taxes of \$16.4 million.
